от «19» февраля 2019 г.
Председатель цикловой комиссии
Сердюкова Н.А. 

**Методическая разработка
открытого учебного занятия
по английскому языку
“ Russia”**

Преподаватель Должикова Г.М.

Белгород 2019

Цели и задачи:

Дидактическая цель:

Развитие грамматических и коммуникативных навыков работы на основе базового и дополнительного материала в форме обобщения лексико-грамматического материала; реализация творческого потенциала обучающихся, навыков аудирования, устной речи и языковой догадки для качественного и эффективного процесса обучения и овладения лексикой на иностранном языке.

Образовательные: совершенствование лексических, грамматических и разговорных навыков.

Развивающие: развитие творческих способностей и коммуникативных навыков, умения работать в группе. Повышение мотивации к изучению английского языка у обучающихся.

Задачи занятия:

Образовательные: совершенствовать грамматические навыки, разговорные навыки (монологической и диалогической речи), чтения и аудирования; способствовать формированию коммуникативных навыков обучающихся.

Развивающие: развивать способность к обобщению и анализу, развитие познавательных интересов обучающихся, развитие способности к рефлексии.

Воспитывающие: Воспитывать толерантное отношение к мнению других, умение работать в группе; воспитание чувства любви и гордости за свою Родину.

Оборудование: компьютер, проектор, экран, презентация

Ход занятия:

1. Организационный этап.

Teacher: Good morning, dear students! Glad to meet you! How are you today? How many lessons do you have? But I have 5 pairs. So today we'll speak about Russia. What can you say about our country? What do you know about it? Please, who will start?

(Answers of the students)

Teacher: But I think today you learn more information about our country. Today we hear the opinions of the foreigners. Then we watch video and at the end of the lesson you will guess the quiz.

Teacher: Now the foreigners are ready. Listen to them attentively. What new information will you hear?

1. Russia is the biggest country IN THE WORLD!

The Soviet Union was 1/6th of the Earth's landmass, the Russian Federation is "only" 1/8th. You can say we shrank a little bit - but we're still number one in terms of size.

Russian Federation includes 13 seas (yes, that's thirteen!), and has the biggest land border in the world. That's one of the reasons we still use landmines - there's simply no other efficient way to guard such a huge territory.

2. V.V. Putin the president of the Russian Federation

3. Russia was the first country to launch a man into space.

His name was Gagarin. **Yuri Gagarin**. This man was the first in mankind's history who made it to orbit and successfully flew around the globe several times on 12th of April 1961.

4. The most beautiful girls live in Russia.

I totally agree. **Russian women** are the most beautiful in the world - although I must say I'm biased - after all, I'm married to one

5. Russia is multinational and multicultural.

Well, think again! Russia has got more than 100 nationalities - Russians, Ukrainians, Tatars, Jews, Bashkirs - it would take a separate page to list them all.

Plus, nearly all of world's major religions are practiced in Russia - Judaism, Christianity, Buddhism, Islam, and many smaller, exotic ones.

6. Russia gave birth to many great artists, scientists and writers.

Dostoevsky, Chekhov, Tolstoy, Pushkin - rings the bell? How about Aivazovsky and Vasnetsov? Gogol and Turgenev? Lomonosov and Karamzin?

This is just a small portion of world's greatest minds who were born in Russia. If you've never heard about these names - do some research, because these people's donation to the world culture is hard to overestimate!

7. Russian weapons are some of the best in the world.

What's the first thing that comes to your mind when you're talking about Russia? Come on, be frank - you've been thinking of Kalashnikov!

"Topol-M", "S-400", "Su-34"...the list can go on forever

8. Russia adopted equal rights before USA.

In 1918, Russian women were granted suffrage. Same thing happened earlier in many other countries including Canada, but the US has only granted the voting rights to women in 1920.

The same about slavery - Russia freed its serfs in 1861 as part of the Emancipation Reform by Tsar Alexander II. In US, it only happened in 1865, with the Thirteenth Amendment to the United States Constitution.

9. Moscow is the biggest city in Europe

Having a population of more than 10 million residents, Moscow became Europe's biggest city. In addition, I would say Moscow is the fastest growing city in Europe.

10. Moscow metro is the world's biggest fallout shelter

It looks like a wonderful palace

The best way to discover Russia is to visit Russia. To know Russia is to love Russia.

Teacher: So what new information have you heard? (Answers of the students)

Now we watch a video, try to understand the information given to you.(просмотр видео “Российская Федерация”). Did you like it? What material impressed you?

I have a quiz which consists of 5 parts. Who will be a winner? Who knows Russia best of all? We'll see later. You will work in pairs. Read the questions and get points.

1.Geographical position.

- 1.What is the deepest fresh water lake in Russia? (2 points)
- 2.What sea washes Russia in the south? (4 points)
- 3.What Russian mountain chains do you know? (3 points)
